Hi Diane and Valentina,

It would be great to be able to discuss standards (Table 3 in WQCP) and drought effects (DWR's conservation estimates). I mention that because it may mean different staff attendance for Diane's team. Diane, is it possible for us to discuss both?

Hi Diane,

Thanks for your voicemail this morning. Would be great to have a follow-up conversation from the EPA-SB larger meeting a couple weeks ago.

I understand that you are booked up this week. Looking at Erin and my calendars next week how about: Feb 2 at 11:30 or the 5<sup>th</sup> in the morning?

Thanks
